Nel 2024 CIVIC ha celebrato un importante traguardo: 30 anni di attività. Un percorso fatto di passione, competenza e visione, che ci ha portati a essere un punto di riferimento nel mondo dell'illuminazione tecnica e architettonica, in Italia e all'estero. Tre decenni di ricerca, sviluppo e produzione ci hanno permesso di crescere insieme ai professionisti del settore, offrendo soluzioni che coniugano estetica, tecnologia e funzione.

In 2024, CIVIC has celebrated a major milestone: 30 years of activity. A journey made of passion, expertise, and vision that has made us a point of reference in the world of technical and architectural lighting, both in Italy and internationally. Three decades of research, development, and manufacturing have allowed us to grow alongside industry professionals, offering solutions that blend aesthetics, technology, and function.

30 ANNI DI ILLUMINAZIONE 30 YEARS OF LIGHTING

Questo anniversario non è solo un momento di celebrazione, ma anche un'occasione per rinnovare il nostro impegno verso la qualità, l'innovazione e la sostenibilità. Continueremo a investire nella ricerca, nelle persone e nei processi, con lo sguardo rivolto al futuro e le radici ben salde nel saper fare italiano.

This anniversary is not only a time to celebrate but also an opportunity to reaffirm our commitment to quality, innovation, and sustainability. We will continue investing in research, in people, and in processes, with our eyes on the future and our roots firmly grounded in Italian craftsmanship.

OUR VALUES

DALLA TRADIZIONE FROM TRADITION

Siciliano DOC ma milanese d'adozione Salvatore Mario Abbate, conosciuto come "il Geometra Abbate", fonda nel 1994 la società CIVIC S.r.l. Imprenditore lungimirante e appassionato, credeva profondamente nell'importanza del servizio al cliente e nell'equilibrio tra innovazione tecnica ed estetica. La sua visione si tradusse nella creazione di due modelli iconici, il ROTONDO e l'OVALE, introducendo per la prima volta in Italia sistemi lineari dalle forme più originali. La capacità di anticipare le tendenze del mercato e di rispondere rapidamente a una società in continua evoluzione ha permesso a CIVIC di rimanere sempre aggiornata, trovando forza in un equilibrio tra forma e funzione.

2004

A true Sicilian by birth but Milanese by adoption, Salvatore Mario Abbate - known as "il Geometra Abbate" - founded the company CIVIC S.r.l. in 1994. A visionary and passionate entrepreneur, he deeply believed in the importance of customer service and in balancing technical innovation with aesthetic appeal. His vision led to the creation of two iconic models, the ROTONDO and the OVALE, introducing for the first time in Italy linear systems with more original shapes. The ability to anticipate market trends and respond quickly to an ever-evolving society has allowed CIVIC to stay up to date, drawing strength from a balance between form and function.

2020

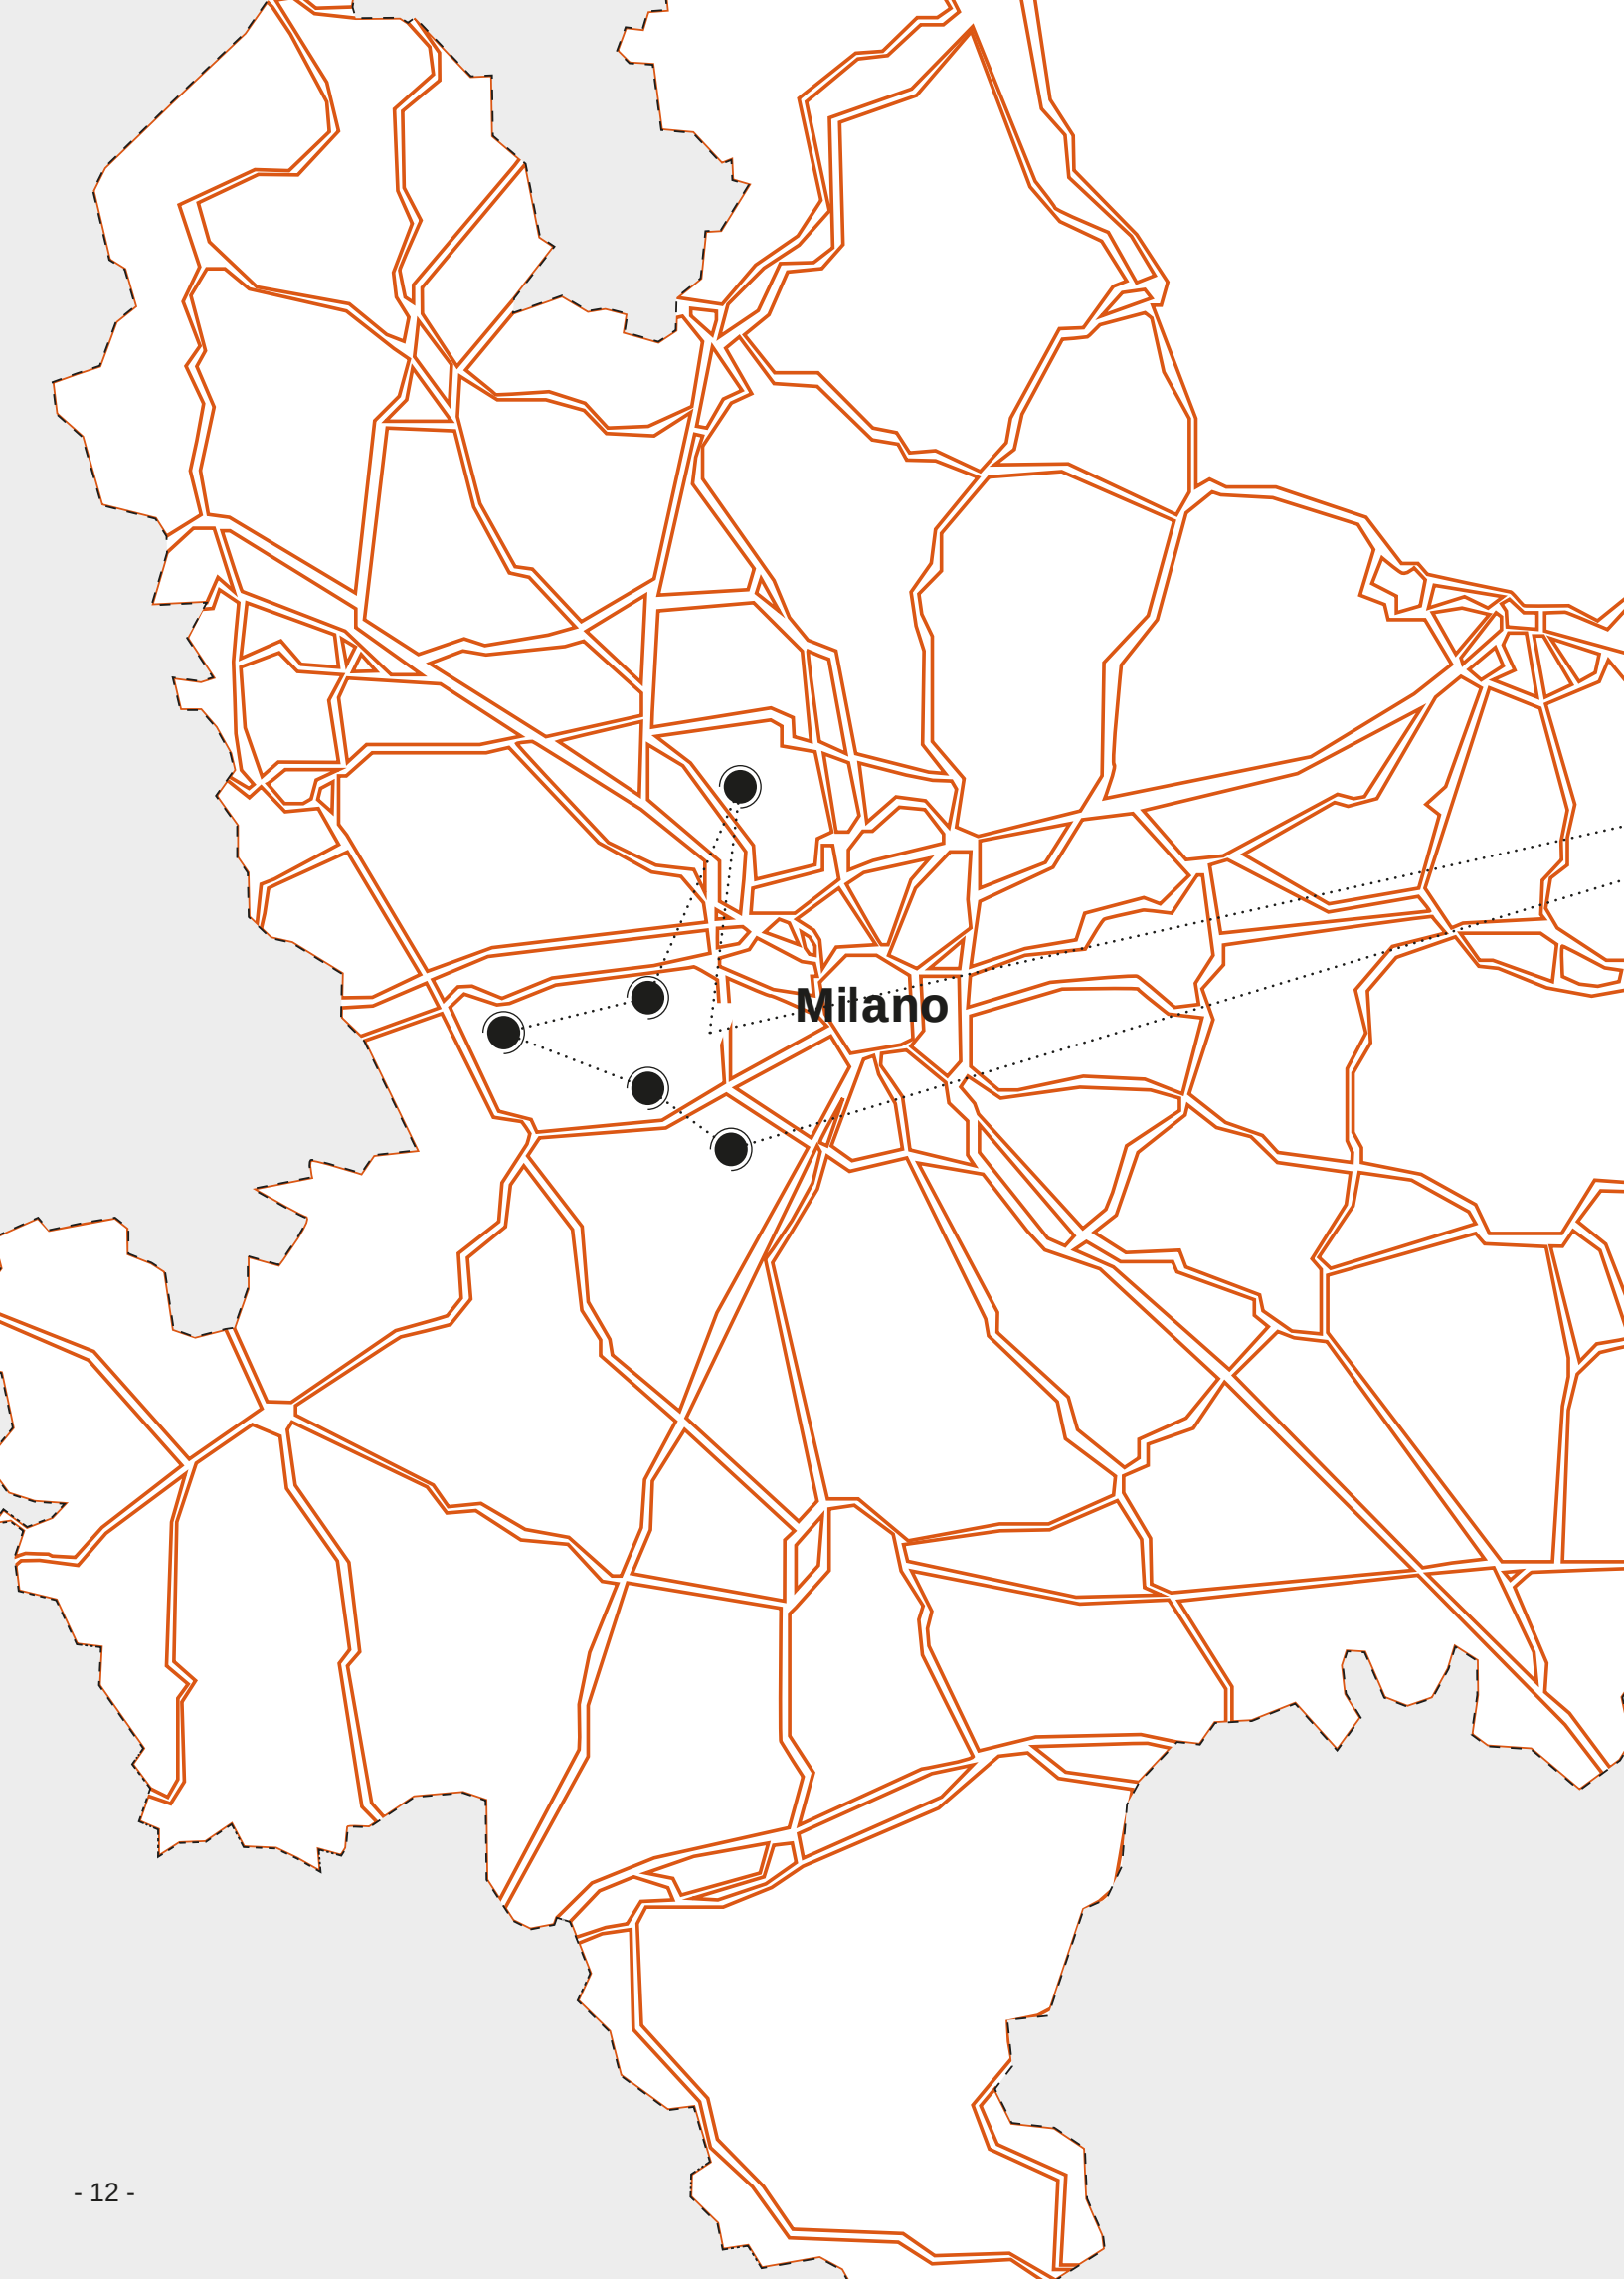

2015

Questo ha portato allo sviluppo di apparecchi più accessibili, resistenti e facilmente integrabili in vari contesti. L'impegno costante, anche da parte della nuova generazione, ha garantito un continuo rinnovamento, consolidando CIVIC come punto di riferimento nella vendita di apparecchi di illuminazione tecnica.

This has led to the development of fixtures that are more accessible, durable, and easily integrated into various contexts. The ongoing commitment, also from the new generation, has ensured continuous renewal, establishing CIVIC as a benchmark in the production of technical lighting fixtures.

ALL'INNOVAZIONE
TO INNOVATION

Milano

100% MADE IN ITALY

Selezioniamo con cura materie prime e componenti Made in Italy. Questo approccio ci consente di mantenere un dialogo diretto e continuo con i fornitori, oltre a consentirci di rimanere aggiornati sulle novità tecnologiche e di settore.

Grazie ad una filiera corta e integrata, riusciamo a gestire internamente ogni fase del processo produttivo, oltre a ridurre notevolmente l'impatto delle nostre attività e contribuire in modo concreto al sostegno dell'economia locale.

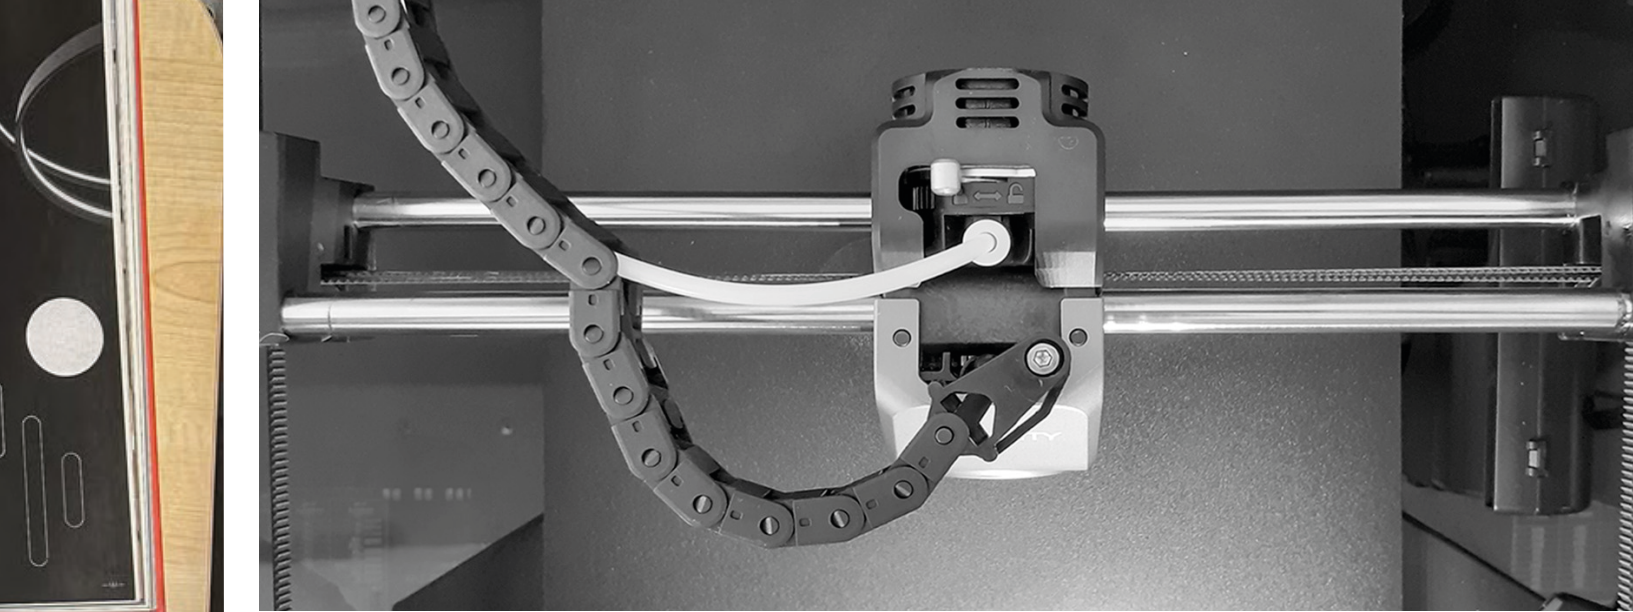

We carefully select only Made in Italy raw materials and components. This approach allows us to maintain a direct and continuous dialogue with our suppliers - all highly qualified and deeply rooted in the local area - while keeping us up to date with the latest technological and industry developments.

Thanks to a short and fully integrated supply chain, we are able to manage every stage of the production process in-house. This not only reduces the environmental impact of our operations, but also provides tangible support to the local economy.

Ogni prodotto nasce da un attento lavoro di progettazione interna, con l'obiettivo di offrire soluzioni che uniscono estetica, funzionalità e innovazione.

Each product is the result of meticulous in-house design work, aimed at offering solutions that combine aesthetics, functionality, and innovation.

COSA FACCIAMO WHAT WE DO

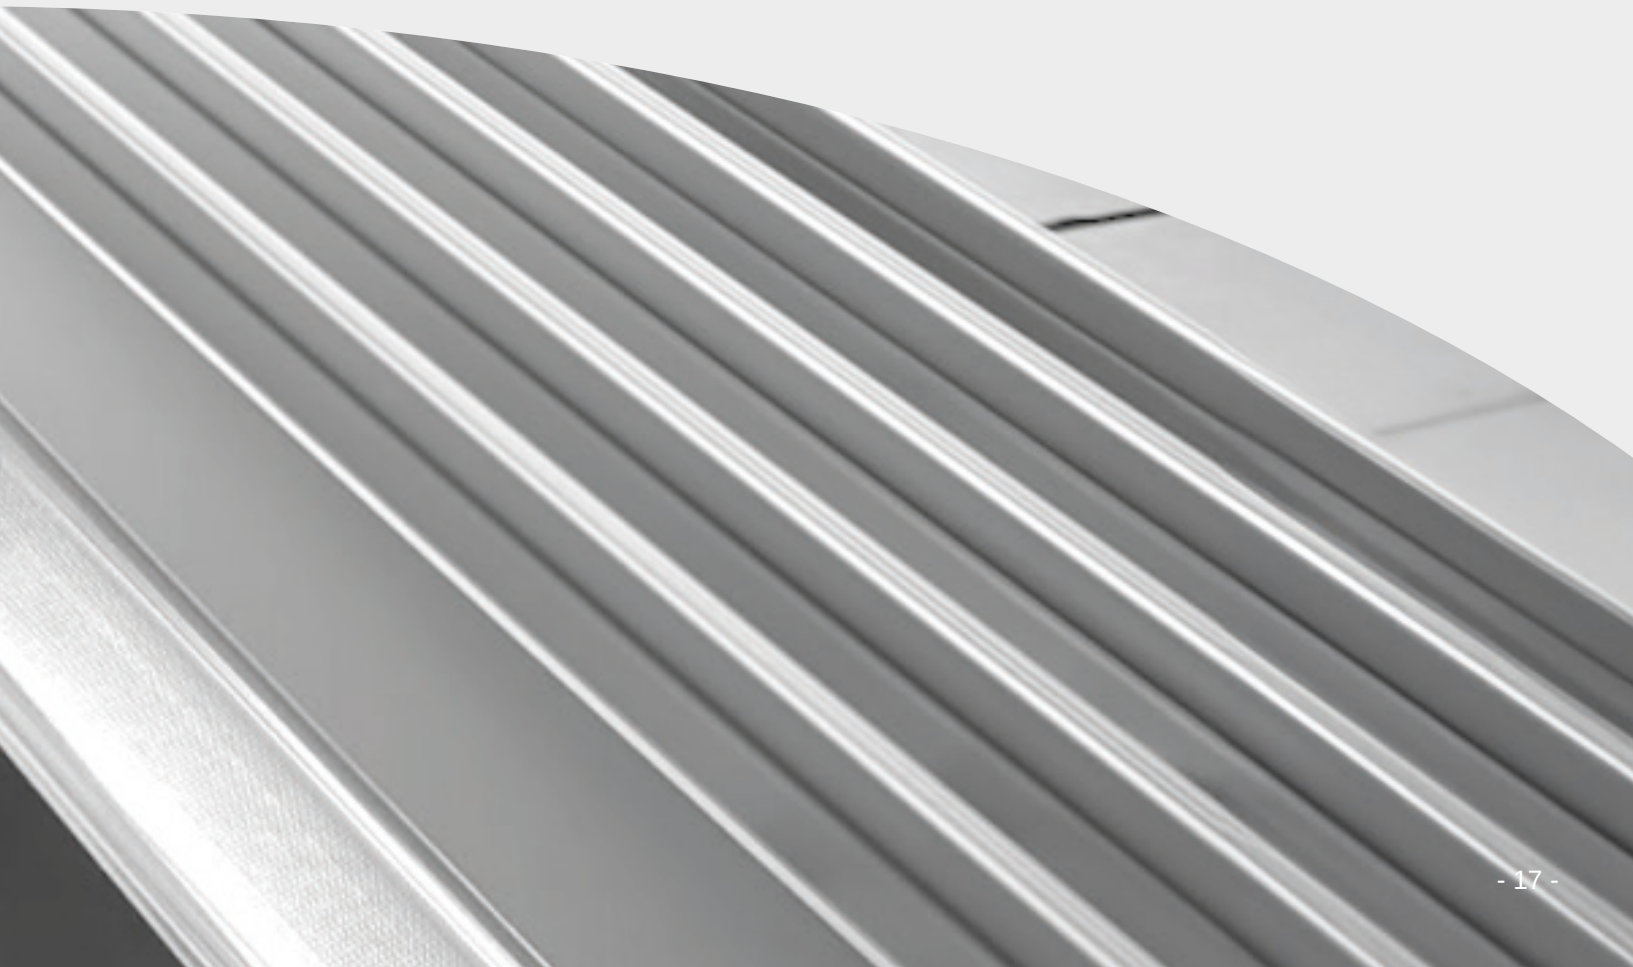

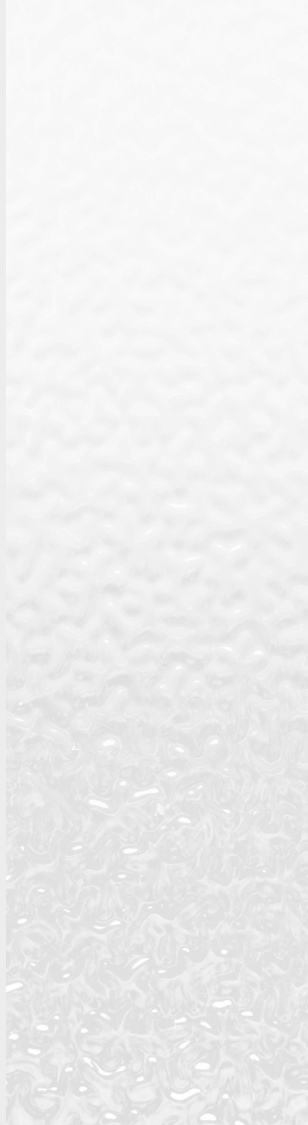

TUTTO CIÒ DI CUI HAI BISOGNO

EVERYTHING YOU NEED

Al centro di ogni prodotto CIVIC c'è un sapere concreto, fatto di gesti precisi, attenzione ai dettagli e una cura che solo l'esperienza può offrire. Un processo che prende forma attraverso le mani esperte di chi conosce a fondo ogni componente, ogni finitura, ogni sfumatura. È da questa competenza che nasce la capacità di interpretare le esigenze di progettisti e clienti, traducendole in soluzioni su misura, pensate per integrarsi con armonia in ogni contesto.

At the core of every CIVIC product lies a tangible expertise, expressed through precise craftsmanship, attention to detail, and a care that only experience can provide. This process is shaped by the skilled hands of those who deeply understand every component, every finish, and every nuance. It is from this expertise that the ability to interpret the needs of designers and clients arises, transforming them into tailor-made solutions designed to integrate harmoniously into any setting.

PRODUZIONE INTERNA IN-HOUSE PRODUCTION

La produzione avviene nel nostro stabilimento, dove personale qualificato segue ogni fase con attenzione dall'assemblaggio ai test di controllo.

Production takes place entirely in our facility, where qualified personnel carefully oversee every stage, from assembly to quality testing.

QUANDO NE HAI BISOGNO WHENEVER YOU NEED

Il nostro magazzino rappresenta il fulcro della produzione oltre che un elemento fondamentale nell'organizzazione aziendale. Tra le sue funzioni, infatti, rivestono particolare importanza lo stoccaggio dei prodotti finiti e dei semilavorati pronti per l'assemblaggio. Questo sistema di gestione ci permette di mantenere un'elevata prontezza operativa e di rispondere con rapidità e flessibilità alle richieste del mercato.

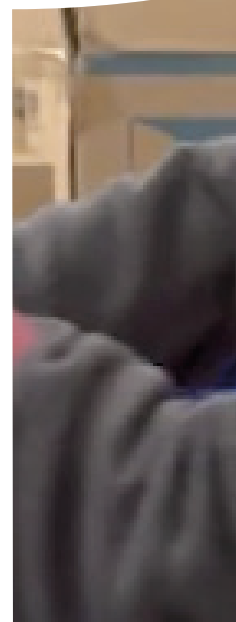

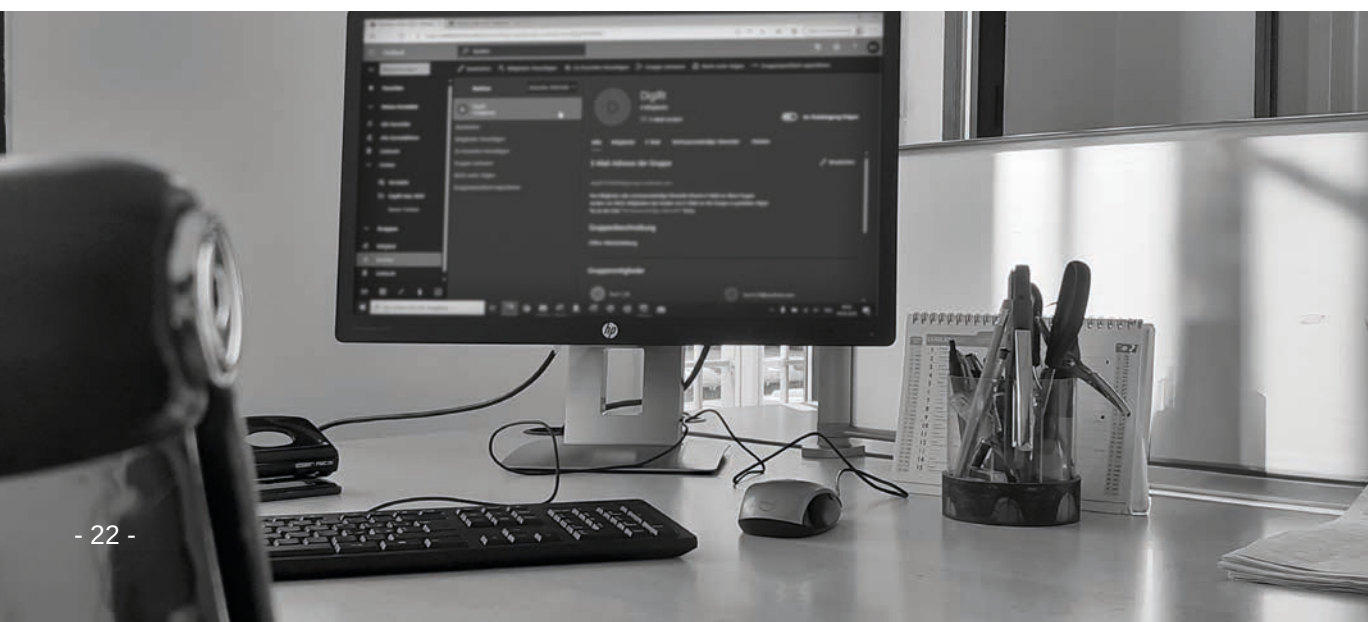

Our warehouse represents the core of our production as well as a key element in our organizational structure. Among its functions, particular importance is given to the storage of finished products and semi-finished goods ready for assembly. This management system allows us to maintain high operational readiness and to respond quickly and flexibly to market demands.

SPEDIZIONE & POST-VENDITA

DELIVERY & AFTER-SALES

Gestiamo direttamente la spedizione degli apparecchi per assicurarci che ogni prodotto arrivi a destinazione nelle migliori condizioni.

We handle the shipment of the devices directly to ensure that each product arrives at its destination in the best possible condition.

OVUNQUE NE HAI BISOGNO

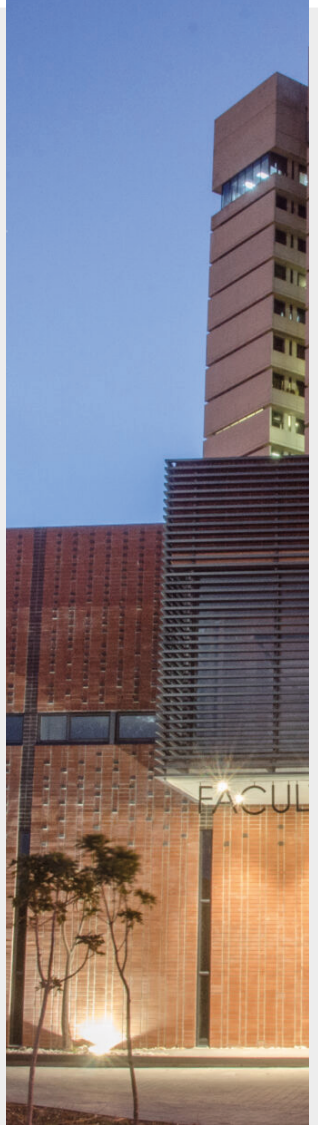

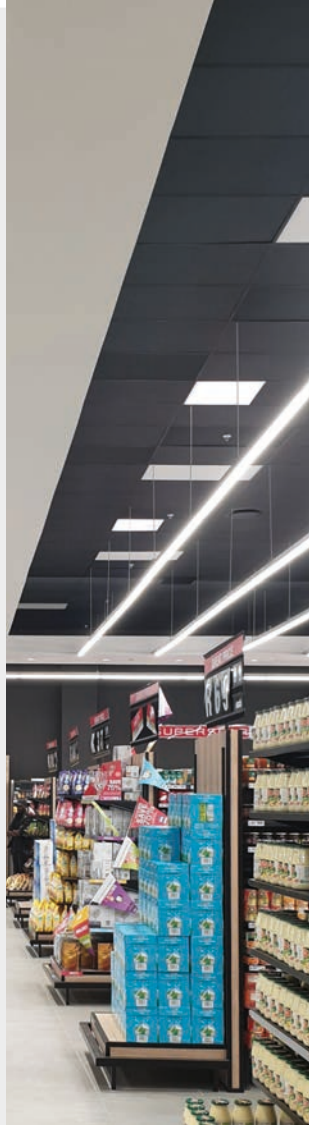

EVERYWHERE YOU NEED

Siamo orgogliosi di produrre in Italia e di portare nel mondo la bellezza, l'artigianalità e la qualità che contraddistinguono il Made in Italy. Nell'ultimo anno, i nostri prodotti hanno raggiunto oltre 28 paesi, a conferma del crescente riconoscimento internazionale per il nostro design distintivo, l'affidabilità delle soluzioni proposte e la cura meticolosa per ogni dettaglio.

We are proud to manufacture in Italy and to bring the beauty, craftsmanship, and quality of Made in Italy to the world. Over the past year, our products have reached more than 28 countries, confirming the growing international recognition of our distinctive design, the reliability of our solutions, and the meticulous attention to detail.

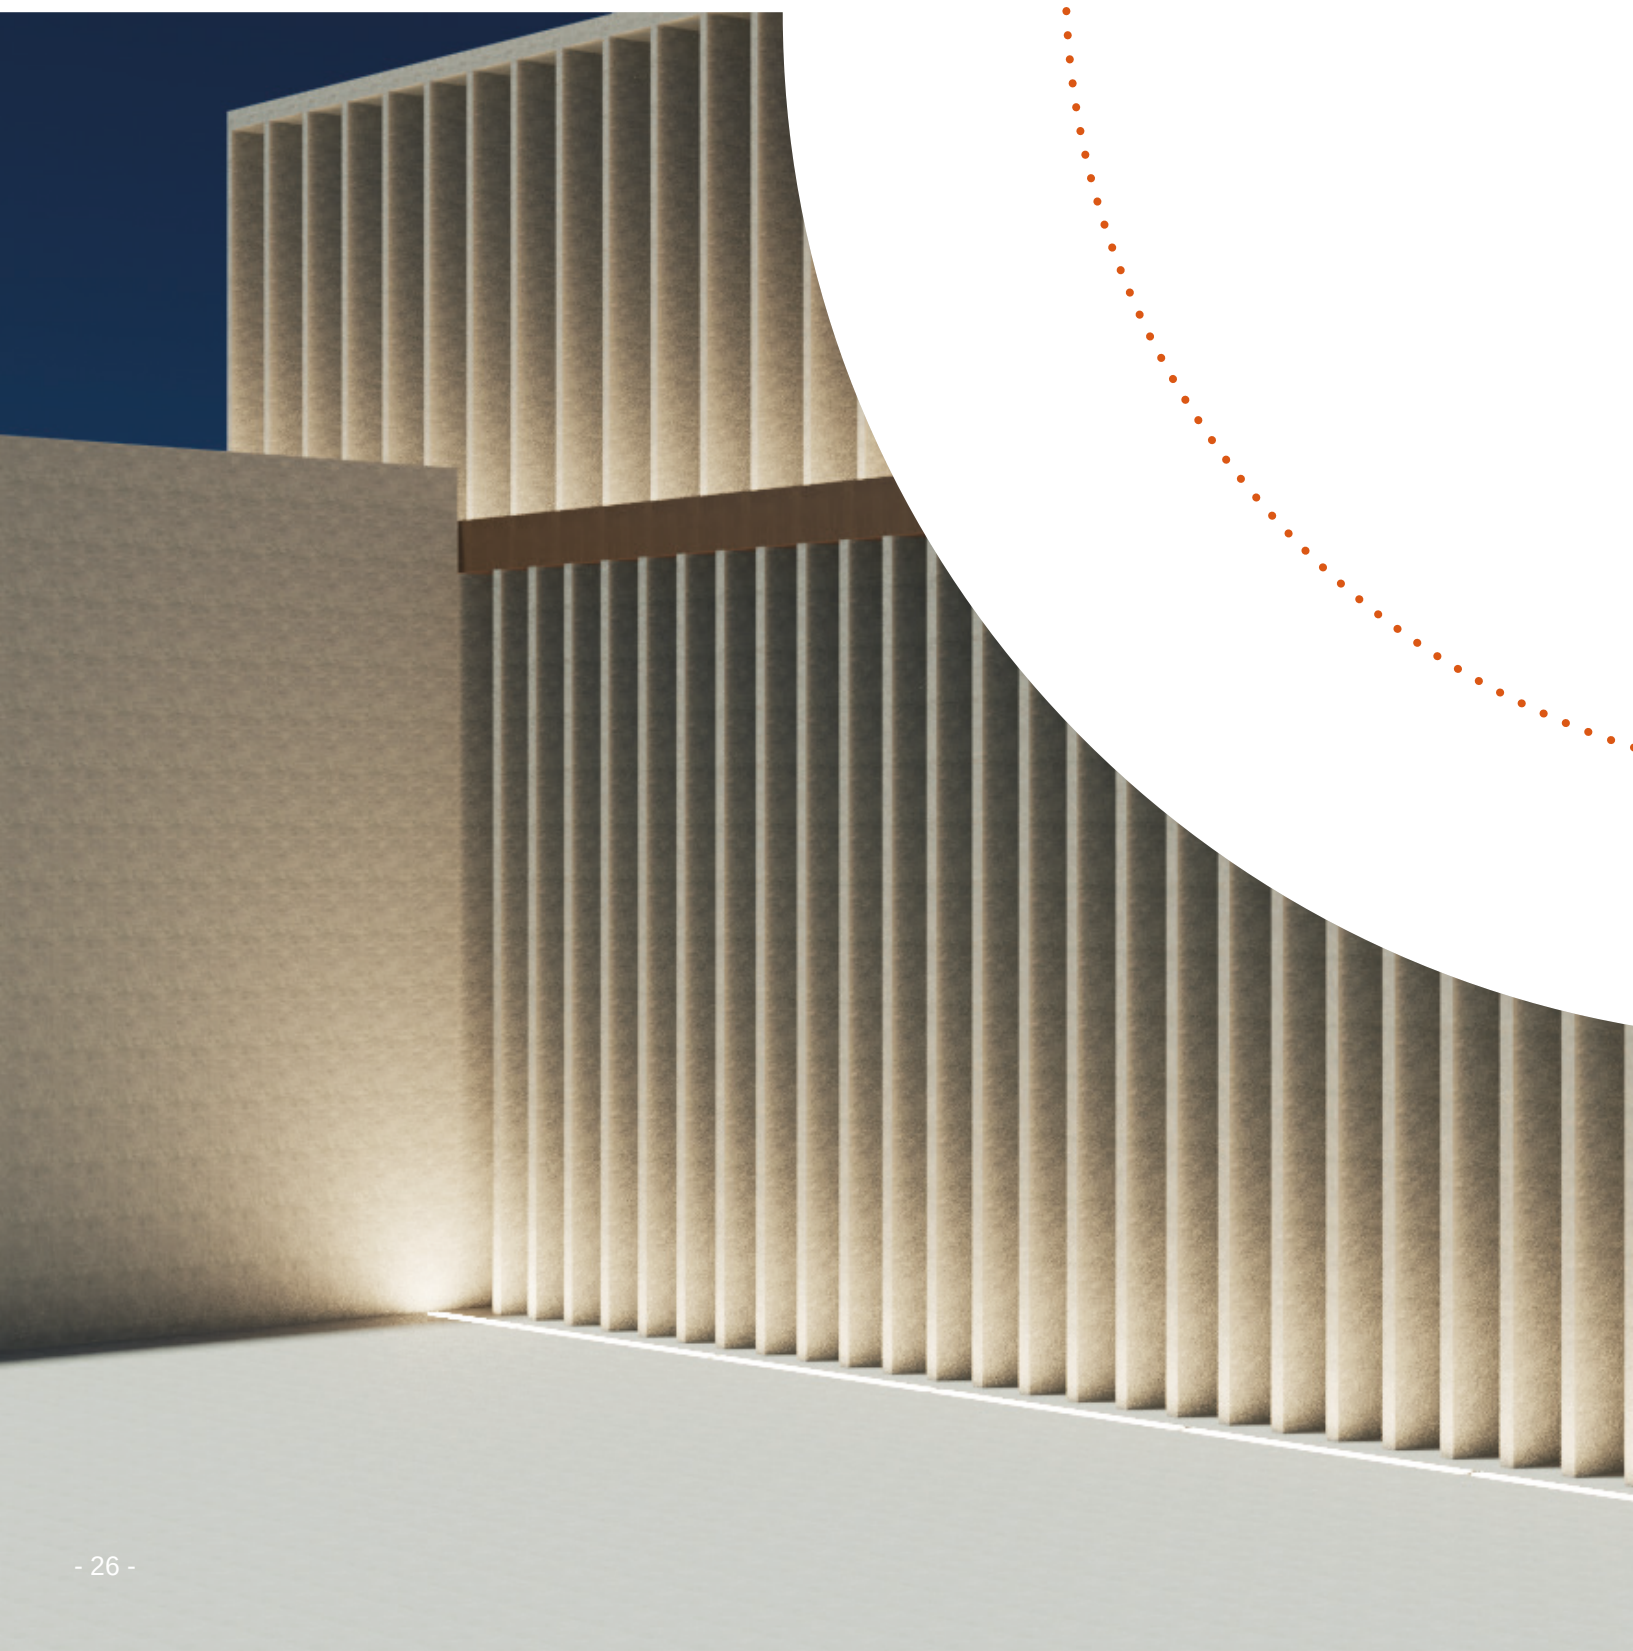

LIMIT

Supportiamo progettisti e installatori offrendo calcoli illuminotecnici avanzati e rendering 3D realistici, che permettono ai clienti di visualizzare gli ambienti illuminati con le nostre soluzioni.

We assist designers and installers by providing advanced lighting calculations and realistic 3D renderings, allowing clients to preview the spaces illuminated with our solutions.

LUXA & MINI LUXA

Serie di apparecchi per esterni da parete. Per il loro design lineare risultano particolarmente adatti ad ambienti moderni, sia in ambito privato, sia commerciale. Luxa e Mini Luxa arredano e illuminano adeguatamente verande, balconi, terrazzi ma anche scale e pareti di strutture ricettive, alberghi e piscine.

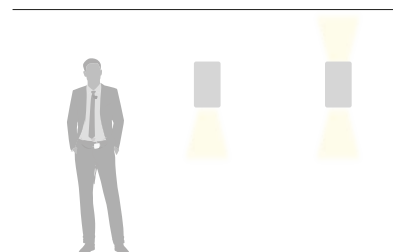

Series of outdoor luminaires for wall installation. Thanks to their linear design they are particularly suitable for modern environments, both in private and commercial environments. Luxa and Mini Luxa adequately furnish and illuminate verandas, balconies, terraces but also stairs and walls of accommodation facilities, hotels and swimming pools.

LUXA

Serie di apparecchi per esterni. Disponibile nella versione a parete. Struttura in estruso di alluminio. Viterie in acciaio inox. Driver incluso.

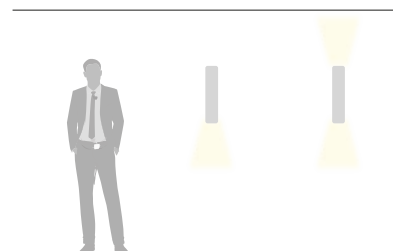

Serie of outdoor lighting fittings. Available as wall version. Structure in aluminum. Stainless steel screws. Driver included.

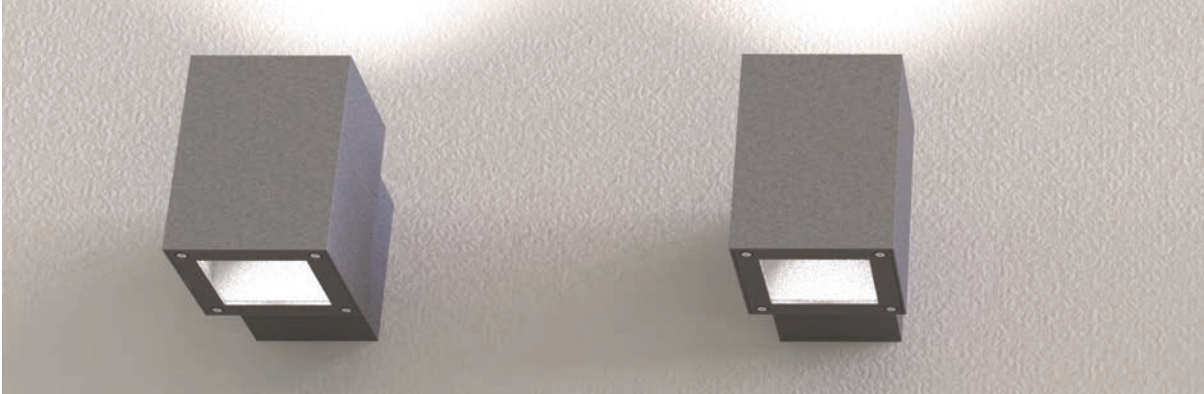

MINI LUXA

Serie di apparecchi per esterni. Disponibile nella versione a parete. Struttura in estruso di alluminio. Viterie in acciaio inox. Driver incluso.

SEGNAPASSO

STEPLIGHTS

Lampade segnapasso da esterno a parete, dalle forme minimali e design elegante e moderno. Disponibili in versione rotonda e rettangolare, con un fascio luminoso radente e discreto risultano essere l'ideale per illuminare scalinate, ingressi e viali di accesso.

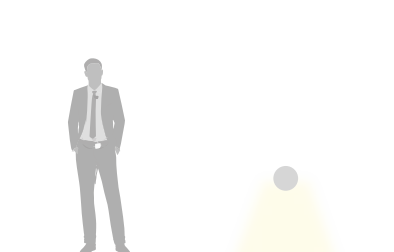

Outdoor wall step markers with minimal shape and modern design. Available in round and rectangular shape, with grazing light beam are ideal staircases, entrances and access paths lighting.

SOLE

La struttura è in fusione di alluminio verniciato a polveri epossipoliestere. LED tono luce bianco 4000K, 3000K o 2700K, emissione diretta asimmetrica. Potenza 2.5W 24V. Grado di protezione IP65. Possono essere fissati direttamente su scatole da incasso di misure standard 108x74mm. Driver remoto escluso.

Structure in die-cast aluminum, epoxy polyester powder coating. LED white light tone 4000K, 3000K or 2700K, direct asymmetric emission. Power 2.5W 24V. IP65 protection degree. Sole can be fixed directly on standard 108x74mm recessed box. Remote driver excluded.

PROFILI

Profiles

ALU PROOF

Profilo dal design semplice e curato, perfetto per tutti gli spazi ad elevata intensità di utilizzo e condizioni di ambienti variabili, come cantine, negozi, garage, pensiline, ecc. Può essere usato singolarmente o a file continue.

Profile with a simple and refined design, perfect for all spaces with high intensity of use and conditions of variable environments, such as cellars, shops, garages, shelters, etc. It can be used individually or in continuous rows.

ALU PROOF

Profilo in alluminio, con diffusore in policarbonato acidato. Il sistema Tri-proof LED della plafoniera ALU la rende tre volte resistente: all'acqua, alla polvere e agli shock. Installabile a parete, soffitto o sospensione.

Aluminum profile, with acid-etched polycarbonate diffuser. The Tri-proof LED system of the ALU ceiling light makes it three times resistant: to water, dust and shocks. Wall, ceiling or suspended installation.

Ringraziamo ANM Napoli per averci coinvolti in questo progetto, permettendoci di contribuire all'illuminazione e alla sicurezza delle stazioni di Napoli.

We would like to thank ANM Napoli for involving us in this project, allowing us to contribute to the lighting and safety of Naples' stations.

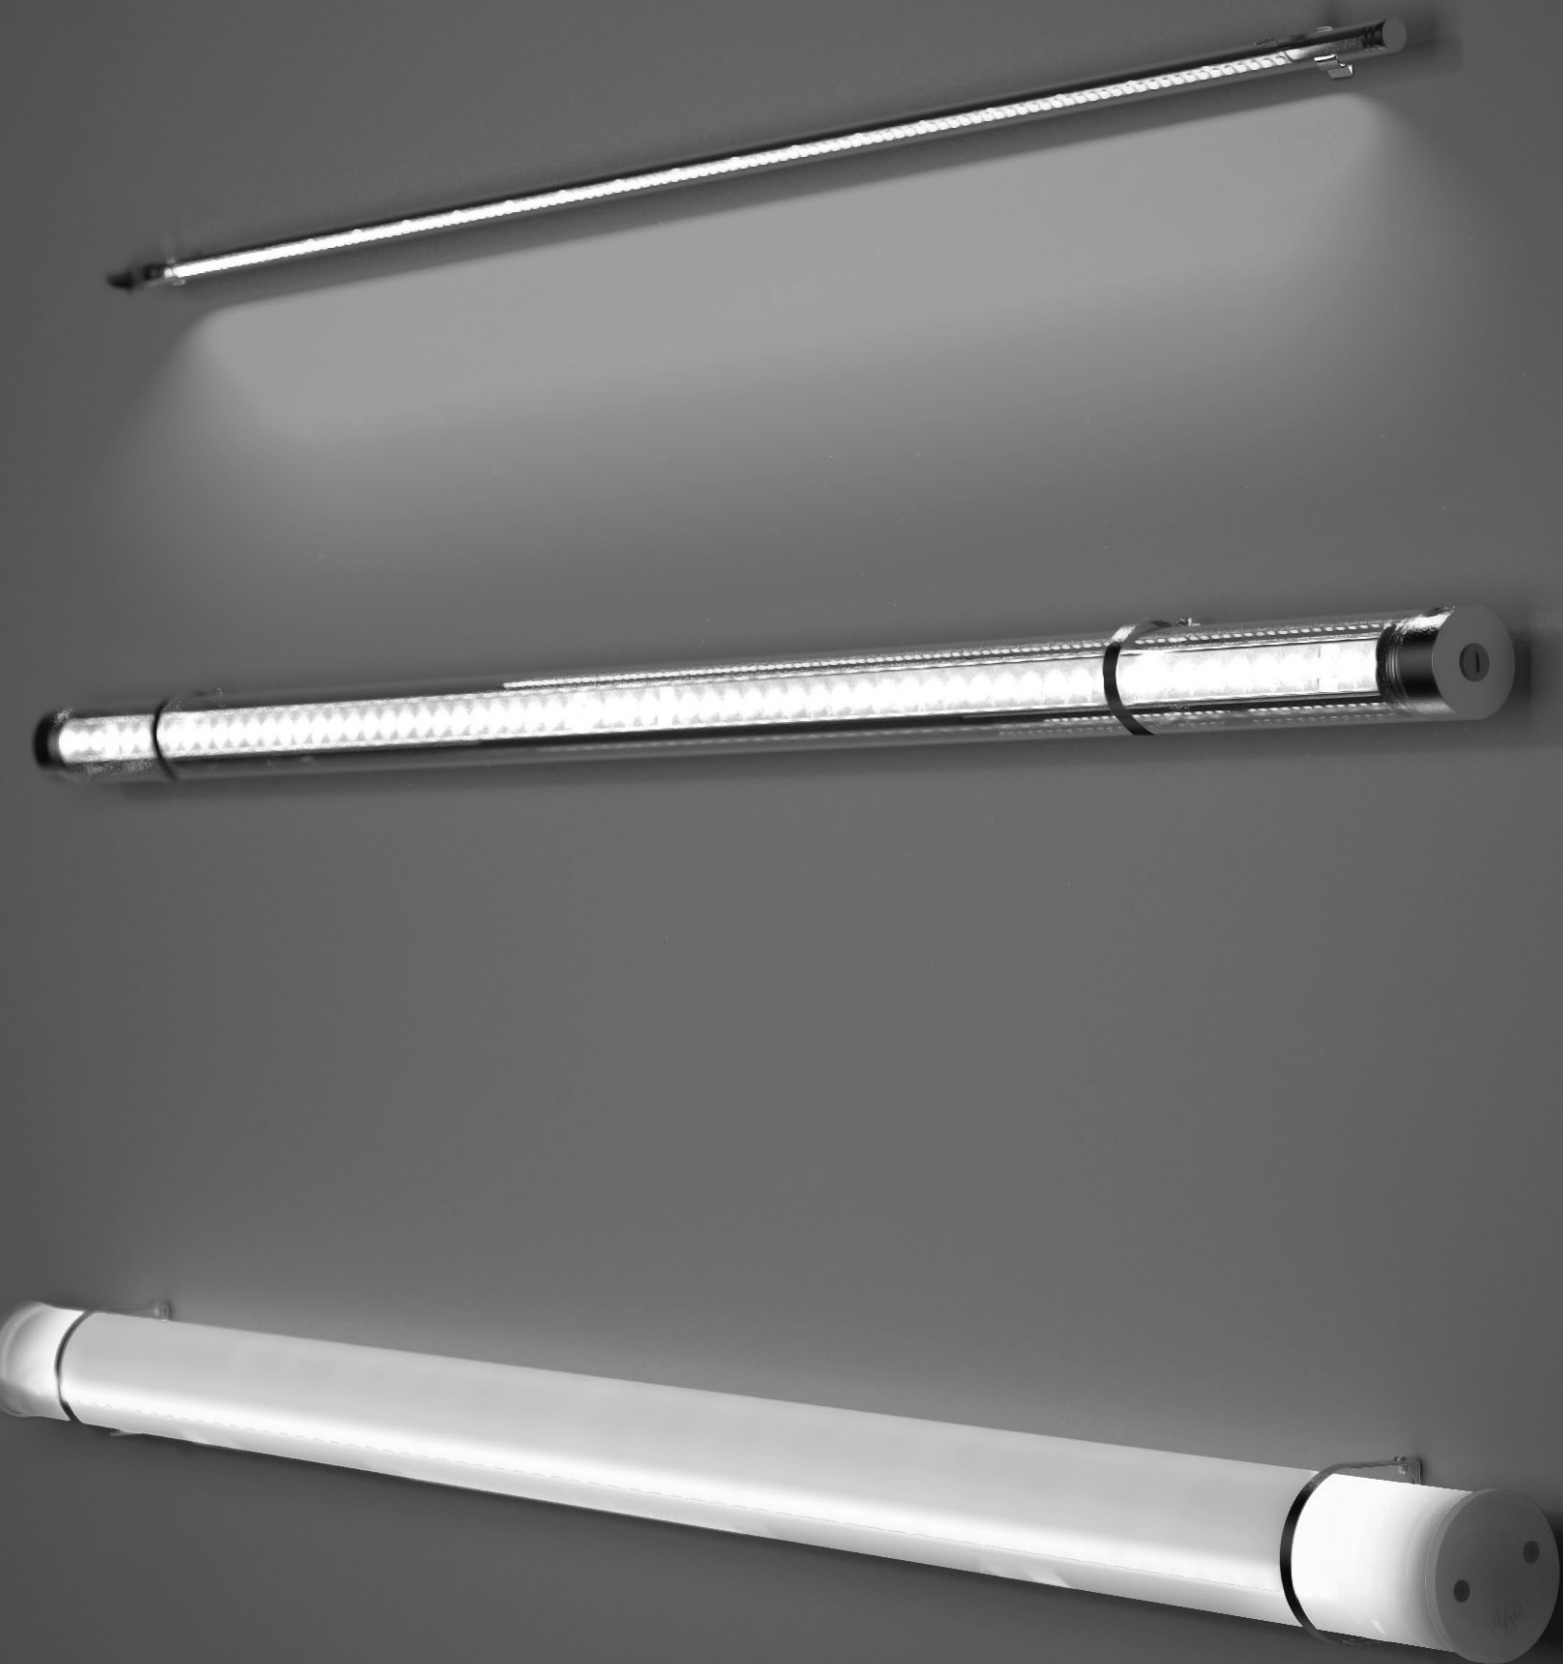

NET

Famiglia di apparecchi dalla forma tubolare, disponibile in diversi diametri e lunghezze è adatta alle più svariate possibilità d'installazione ed esigenze d'illuminazione. La forma sempre attuale ed il suo grado di protezione ne permettono un utilizzo sia in ambienti esterni che interni, laddove serva una maggiore sicurezza.

Family of tubular luminaires, available in different diameters and lengths, suitable for the most various installation possibilities and lighting needs. Its timeless shape and its protection degree allows it to be suitable both outdoors and indoors where higher IP grade is needed.

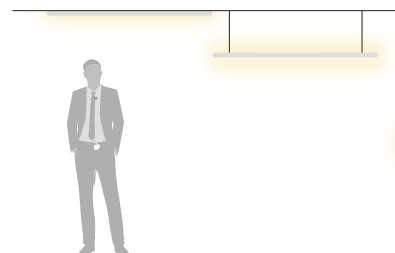

NET 16

Net 16 ha struttura interna in alluminio estruso, testate in lega di alluminio tornito sottoposte a trattamento di anodizzazione galvanica, diffusore in policarbonato trasparente o opale. Tono luce bianco 4000K, 3000K o 2700K, potenze da 9.6W/1050mm a 43.2W/3050mm. Staffe di fissaggio e cavo di collegamento H05RN-F 2x1mm² inclusi. Driver remoto da ordinare separatamente.

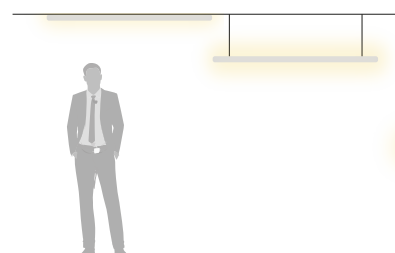

Net 16 has internal structure in extruded aluminum, end caps in turned aluminum alloy with galvanic anodizing treatment. Transparent or opal polycarbonate diffuser. 4000K, 3000K or 2700K LED white tone, power from 9.6W/1050mm up to 43.2W/3050mm. Supplied with fixing brackets and H05RN-F 2x1mm² connecting cable. Remote driver to be ordered separately.

NET 50

Net 50 ha struttura interna in alluminio estruso, testate in lega di alluminio tornito sottoposte a trattamento di anodizzazione galvanica, diffusore in policarbonato esterno trasparente, interno satinato per luce diffusa o con lenti per luce concentrata. Tono bianco 4000K, 3000K o 2700K, potenze da 30W/1170mm a 42x1.2W/1790mm. Alimentatore elettronico incluso.

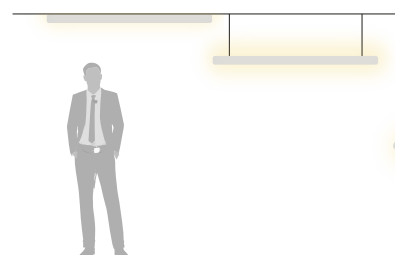

Net 50 has internal structure in extruded aluminum, end caps in turned aluminum alloy with galvanic anodizing treatment, external transparent polycarbonate diffuser with internal opal screen for diffuse emission or with lenses for concentrate light. 4000K, 3000K or 2700K LED white tone, power from 30W/1170mm up to 42x1.2W/1790mm. Electronic driver included.

NET 70

Net 70 ha struttura interna in alluminio, testate in tecnopolimero resistente agli agenti atmosferici, diffusore in policarbonato opale. Tono luce bianco 4000K, 3000K o 2700K, potenze da 38W /1257mm a 58W/1817mm. Alimentatore elettronico incluso.

Net 70 has internal structure in aluminum, end caps in weather-resistant techno polymer, opal polycarbonate diffuser. 4000K, 3000K or 2700K LED white tone, power from 38W/1257mm up to 58W/1817mm. Electronic driver included.

CABRIO

Cabrio
Cabrio RGBW

Famiglia di apparecchi lineari per esterno dal design contemporaneo che ci aiuta a inserire la luce dove l'architettura l'ha sottratta: facciate di edifici, volte, portoni e pensiline. Grazie ai molteplici fasci disponibili è facile trovare la soluzione che più si adatta alle proprie esigenze che siano quelle di far risaltare un dettaglio o di realizzare un'illuminazione funzionale e/o decorativa.

A family of linear outdoor luminaires with a contemporary design that helps us to insert light where architecture has stolen it: building facades, vaults, doors and canopies. Thanks to the multiple beams available, it is easy to find the solution that best suits your needs, whether they are to bring out a detail or to create functional and/or decorative lighting.

Cabrio Recessed
Cabrio Recessed RGBW

CABRIO

Struttura interamente in alluminio estruso con finitura anodizzata ad elevata resistenza all'ossidazione. Diffusore in vetro temperato spessore 6mm, satinato per luce diffusa o trasparente con lenti. Viti a brugola in acciaio inox A4. Apparecchio precablati con cavo in neoprene. Guarnizioni in silicone ricotto. Tono luce bianco 4000K, 3000K o 2700K. Potenze da 12.5W/605mm a 28x1.2W/1205mm. Alimentatore elettronico incluso.

The structure is made of extruded aluminum, anodized finishing with high resistance against corrosion. Tempered glass diffuser 6mm thick, frosted for diffuse light or transparent with lenses. Screws in stainless steel A4. Prewired with neoprene cable. Silicone gaskets. 4000K, 3000K or 2700K LED white tone. Powers from 12.5W/605mm up to 28x1.2W/1205mm. Electronic driver included.

RAISE

Raise è un apparecchio da incasso per esterni dagli ingombri ridotti e dalle linee eleganti ed essenziali che lo rendono la scelta ideale per essere utilizzato nell'illuminazione di viali, gradini, marciapiedi e camminamenti. Robustezza e resistenza completano il prodotto garantendone la funzionalità anche in aree di passaggio auto come ingressi di strutture alberghiere, cinema, teatri etc.

Raise is an outdoor recessed luminaire with reduced dimensions and elegant and essential lines that make it the ideal choice to illuminate avenues, steps, sidewalks and walkways. Sturdiness and resistance complete the product, ensuring its functionality even in areas of car passage such as entrances of hotel facilities, cinemas, theaters etc.

RAISE

Profilo carrabile in estruso di alluminio. Diffusore in vetro temperato (spessore 6 mm). Testate in alluminio pressofuso, guarnizioni in silicone e viteria in acciaio inox A4. Driver escluso da ordinare separatamente.

The structure is made of extruded aluminum. Tempered glass diffuser (6mm thick). Die-cast aluminum end caps, silicone gaskets and stainless steel A4 screws. Driver not included to be ordered separately.

SPIDER

Famiglia di incassi a pavimento per uso esterno disponibile in più versioni con diverse tipologie di fasci. Possono essere utilizzati singolarmente o in fila continua, per installazioni a parete o a pavimento. Sono adatti ad illuminare corridoi, portici o camminamenti, ma anche grandi opere architettoniche o open-space.

Family of floor recessed luminaires for outdoor use available in several versions with different types of beams, they can be used individually or in a continuous row, for wall or floor installations. They are suitable for lighting corridors, porches or walkways, but also for large architectural works and open-spaces.

MINI APOLLO PALETTO

Paletto per l'illuminazione di giardini, passaggi, aree residenziali. Le sue due altezze e la possibilità della doppia illuminazione lo rendono adatto a svariati ambienti e situazioni, potendo creare differenti soluzioni luminose. La lavorazione realizzata sul vetro ne permette il perfetto posizionamento a filo della cornice.

Bollard for lighting gardens, walkways and residential areas. Its two heights and the possibility of double lighting make it suitable for a variety of environments and situations, creating different lighting solutions. The processing carried out on the glass allows it to be perfectly positioned flush with the frame.

MINI APOLLO PALETTO

La struttura è in alluminio estruso verniciato a polveri, il diffusore in vetro temperato. Disponibile in due altezze: 200 mm e 500 mm per un' illuminazione bi e mono direzionale.

The structure is in powder coated extruded aluminium, tempered glass diffuser. Available in 2 heights: 200mm and 500mm to have a single and bidirectional light emission.

CALPESTABILI WALKABLE

Serie di incassi a terra di Civic ispirati all'analogica serie carrabile. L'abbinamento di estetica e performance rendono questa collezione particolarmente adatta ove la fonte luminosa diventi elemento di design. La famiglia è realizzata interamente in acciaio Inox offrendo resistenza e durata nel tempo.

This family of ground recessed fittings is inspired by the similar drive-over one. Performance and aesthetics makes this range suitable where the light source needs to be installed in a design contest. The construction entirely in stainless steel ensure reliability and quality along the time.

RADENTE GRAZING

Radente è la famiglia “minimal” della gamma di prodotti da esterno, caratterizzata da forme arrotondate e design essenziale. Non solo l'estetica dell'apparecchio, ma anche i coni e i tagli radenti di luce prodotti risultano di grande effetto.

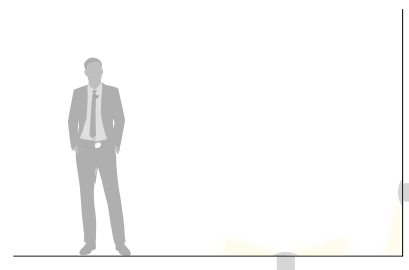

Radente is the “minimal” choice of the outdoor range, characterized by shaped forms and essential design. Not only the aesthetics of the luminaire, but also the cones and grazing cuts of light produced are highly impressive.

RAGGIO SIDE

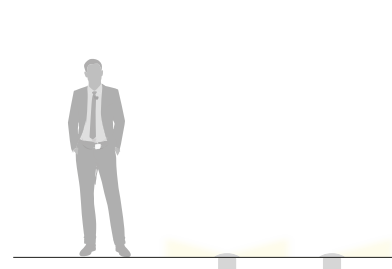

Corpo e anello di chiusura lega di alluminio sottoposti a pre-trattamento di anodizzazione galvanica. Grado di protezione IP67. Calotta pressofusa in lega di alluminio, vetro temperato sagomato per un'ottimale diffusione luminosa. Resistenza agli urti IK10 per passaggio pedonale. Equipaggiato con LED di colore bianco 4000K, 3000K o 2700K da alimentare con trasformatore in corrente costante da cablare in serie. Potenza 2W. Fornito completo di cavo di collegamento H05RN-F 2x1mm².

Body and closing ring in aluminum alloy with galvanic anodizing pre-treatment. IP67 protection degree. Die-cast aluminum cover, protection shield made of shaped tempered glass. IK10 shock resistance for walk-over use. Equipped with one LED in 4000K, 3000K or 2700K color to be supplied with constant current driver (serial connection). Power 2W. Supplied with H05RN-F 2x1mm² connecting cable.

T-UNI

T-Uni Recessed

T-Uni è una famiglia di sistemi lineari LED installabili singolarmente in molteplici modalità: in fila continua, a plafone, sospensione ed incasso nel controsoffitto. Elegante nel design, si presta alle applicazioni più diverse, integrandosi perfettamente in contesti residenziali, commerciali, business ed education.

T-Uni is a family of LED linear systems for single or continuous lines, for ceiling, suspended or recessed use. Its elegant design perfectly integrates T-Uni to various applications in residential, commercial and business environments.

T-Uni Recessed Frameless

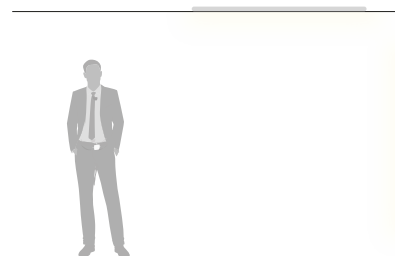

T-UNI RECESSED

Corpo in lega di alluminio, testate in acciaio, verniciatura a polveri. Diffusore in policarbonato opale o microprismato. Tono luce bianco 5500K, 4000K, 3000K o 2700K. Potenze da 28W/1130mm a 63W/2530mm. Alimentatore elettronico e diffusore inclusi. Testate, giunti lineari ed accessori per l'incasso da ordinare separatamente.

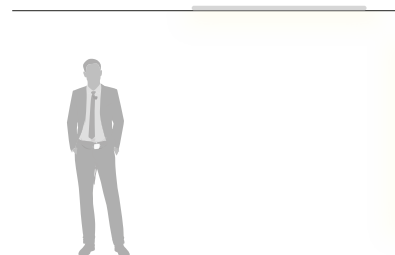

Structure in aluminium alloy, steel end caps, powder coating. Opal or microprismatic diffuser. LED in 5500K, 4000K, 3000K or 2700K white light tone. Powers from 28W/1130mm up to 63W/2530mm. Electronic driver and diffuser included. End caps, linear joint and kit for recessed installation to be ordered separately.

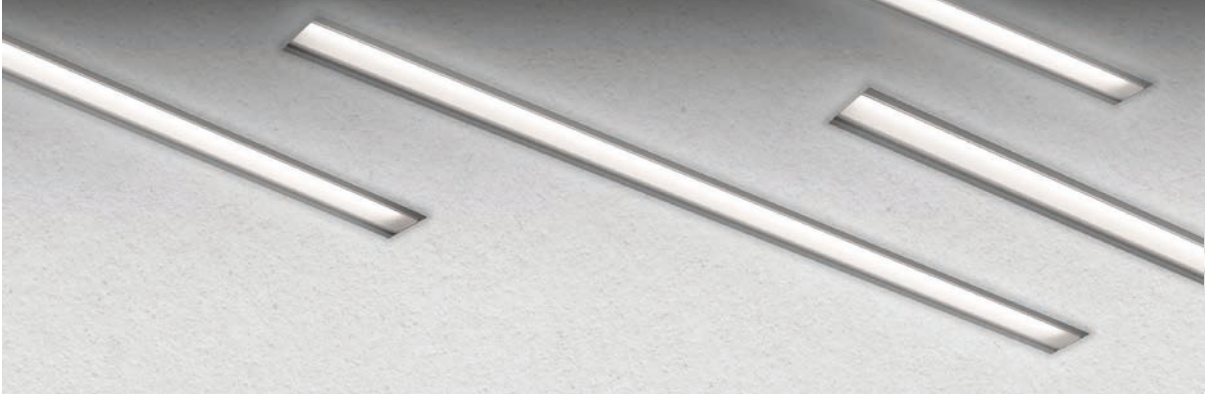

T-UNI RECESSED FRAMELESS

Corpo in lega di alluminio, testate in acciaio, verniciatura a polveri. Diffusore in policarbonato opale o microprismato. Tono luce bianco 5500K, 4000K, 3000K o 2700K. DONNA

La famiglia Donna comprende proiettori LED orientabili 48V e apparecchi a binario lineari adattabili al sistema MULTITRACK 48V. Ottimi per la loro versatilità e alte prestazioni, sono ideali in contesti espositivi e museali, così come in ambienti domestici e per il retail.

The DONNA family includes 48V adjustable LED projectors and linear track luminaires suitable to MULTITRACK 48V system. Excellent for their versatility and high performance, they are ideal in exhibition, museum as well as domestic and retail contexts.

MODO

Modo è una collezione di apparecchi da incasso che grazie al suo caratteristico gruppo ottico orientabile risulta l'ideale per spazi espositivi e commerciali. La luce potente e concentrata e le numerose varianti rendono Modo LED estremamente versatile, specialmente grazie all'orientabilità di 30° su due assi.

Modo is a collection of recessed lights which is ideal for exhibition and commercial spaces thanks to its characteristic swivelling optical unit. Powerful, concentrated light and numerous variants make Modo LED extremely versatile, especially thanks to the fact that it can be adjusted by 30° in two axes.

MODO

La struttura degli apparecchi è in alluminio pressofuso verniciato. Disponibile anche nella versione senza cornice. Incassi ad 1/2/3/4 lampade, con riflettore per fascio da 24° o 40°. Orientabile di 30° su due assi.

The structure of the fittings is made of painted die-cast aluminium. Also available in the frameless version. Available with the 1/2/3/4 lamps versions, 24 ° or 40 ° beam angle. Optical group that can be oriented at 30° on two axis.

Condizioni generali di vendita/General sales condition

1. TERMINI DI CONSEGNA

La merce viaggia sempre a rischio e pericolo del committente. Gli ordini verranno evasi in base alle disponibilità e le spedizioni potranno essere fatte anche parzialmente. La merce viene sempre resa franco nostro stabilimento. Nel caso in cui dovessero verificarsi mancanze, manomissioni oppure danneggiamenti della merce, l'acquirente dovrà apporre riserve scritte al trasportatore all'atto della ricezione della merce al fine di avere diritto alla riparazione o reintegrazione. Se tali riserve non venissero apposte al trasportatore, l'acquirente perderà automaticamente il diritto alla reintegrazione o riparazione dei prodotti. Qualsiasi esportazione delle merci acquistate deve essere precedentemente autorizzata dalla CIVIC.

2. RESO DI MERCE

I resi di merce potranno essere accettati soltanto previo accordo scritto formale tra la nostra società e l'acquirente. Tuttavia, tutti quei prodotti non presenti sui listini e cataloghi della nostra società ed oggetto di fabbricazioni o ordini particolari non potranno essere resi in ogni caso. Le spese ed i rischi relativi al reso di merce rimarranno sempre a carico esclusivo dell'acquirente. Solo dopo una verifica da parte nostra del materiale reso, la nostra società potrà dar luogo ad una nota di credito a favore dell'acquirente o eventualmente alla sostituzione. Rimane inteso che qualsiasi indennità o risarcimento danni a favore dell'acquirente rimarrà esclusa.

3. PAGAMENTI

Si riconoscono solamente i pagamenti fatti direttamente al nostro domicilio o a persone autorizzate, da noi, per iscritto. In caso di ritardato pagamento, totale o parziale, verranno addebitati i relativi interessi di mora. Per qualsiasi somma non pagata alla scadenza riportata sulla fattura, si prevede l'applicazione d'interessi moratori pari al tasso BCE +7% (D.lgs 231/2002).

4. RISERVA DI PROPRIETÀ

Per pagamento da effettuarsi in tutto o in parte dopo la consegna i prodotti consegnati restano di proprietà del venditore fino al momento del completo pagamento del prezzo, nella misura permessa dalla legge del paese dove i prodotti si trovano. Il compratore per tanto si impegna a fare quanto necessario per costituire nel suddetto paese una valida riserva di proprietà nella forma più estesa consentita, o porre in essere un'analoga forma di garanzia a favore del venditore.

5. LIMITI DI RESPONSABILITÀ

I disegni, le quote, i materiali e i colori degli articoli del presente catalogo si intendono a titolo indicativo. Al venditore è riservata la facoltà di modificare o perfezionare i prodotti senza obbligo di preavviso o di comunicazione in base alle proprie esigenze. Le caratteristiche dei prodotti non sono quindi da considerarsi impegnative. Di conseguenza in nessun caso il venditore potrà essere ritenuto responsabile per danni diretti, indiretti o consequenziali, perdite di produzioni o mancati profitti derivanti da modifiche tecniche ai prodotti. Eventuali esportazioni devono essere autorizzate dalla Civic.

6. FORO COMPETENTE

Per qualsiasi controversia viene riconosciuta la competenza esclusivamente del foro del venditore.

1. DELIVERY TERMS

All goods travel at the Purchaser's own risk. Goods will be delivered in relation to availability and partial orders will also be dispatched. Goods are always delivered ex-factory. On receipt of the goods, any losses, or tampering, the purchaser must immediately advise the Carrier must concerned in order to obtain the right for the repairing or re-instatement of order. The Purchaser will automatically lose any right to the repairing or re-instatement of their order if this written notice is not submitted to the Carrier. Any export of the purchased goods must be previously authorised by Civic.

2. GOODS RETURNED

Goods can only be returned if previously agreed between the parties. In any case, all the products not included in our price list and catalogue and produced especially for the purchaser, will not be returned. All returns are at risk and cost of the Purchaser. Goods returned will firstly be evaluated before a credit note in favour of the Purchaser will be passed or substitution of the goods. In any case the purchaser shall not be entitled to any indemnity or reimbursement of damages.

3. PAYMENTS

Only payments made directly to our domicile or to persons authorized by ourselves in writing will be accepted. Any delays in payment or partial payments, could result in default interest being charged to the Purchaser. Any amounts outstanding on invoice expiry date, the seller has the right to charge interest at the rate indicated from BCE 7% (according with D.lgs 231/2002).

4. TITLE RESERVATION

All goods delivered remain the property of the Seller until all payments have been made in full, within the limits of the law of the country where the products are located. Consequently the purchaser will have to do all he can in order to constitute, in the country where the products are located, a property reservation in the most extensive form permitted or to create a similar form of guarantee in favour of the seller. Drawings, sizes, materials and colours of the product contained in this catalogue are purely indicative.

5. MANUFACTURER'S RESPONSIBILITY

The seller will have the right to modify or to improve its products without being obliged to previously advise or inform the other party, in relation with its needs. Technical specifications of products are not binding. Consequently under no circumstances the Seller can be considered responsible for direct, indirect or consequential damages, loss of production or lack of profit. Any exportation must be authorized from Civic.

6. COMPETENT JURISDICTION

The seller's court will be competent for any controversy.
